

ARMED FORCES HOSPITAL SOUTHERN REGION KHAMIS MUSHAYT

DAY SURGERY SKILLS LIST Pre-Op Area/Post-Op Area Procedure Rooms (HRS/F007/02)

NAME OF APPLICANT:_____

DATE:_____

HOW TO COMPLETE THIS FORM:	LEVELS OF PROFICIENCY:
A thorough evaluation of your skill level in various Specialty areas will enable us to locate assignments that are suitable to your skills and the needs of our patients. Please place an "X" in the box that most accurately describes your level of expertise for this skills listed.	$ A = \text{Perform Well (at least one year of current experience, very comfortable performing without supervision) } \\ B = \text{Limited Experience (6-12 months, within the past two years, would require some assistance) } \\ C = \text{Perform Infrequently (less than three months of experience, need more experience and practice, assistance required) } \\ D = \text{No Experience (have never performed this task, willing to learn) } $

SKILL	А	B	С	D	COMMENTS (IF ANY)
ASSESSMENTS:	I				
Pre and Post Anaesthetic:					
Adult					
Pediatrics					
Complete Head to Toe Physical Assessments					
Adult					
Pediatrics					
Aldrete Score Assessment					
Activity					
Respiration					
Circulation					
Consciousness					
Oxygenation					
AIRWAY MANAGEMENT:					
Care of the Sedated Patient					
Adult					
Paediatrics					
Emergency Re-intubation					
Patient Positioning					
Adult					
Paediatrics					
Oxygen Administration					
Humidifier

SKILL	Α	B	C	D	COMMENTS (IF ANY)
Bladder biopsy					
Varicocoelectomy					
Hydrocoelectomy					
Hypospadias Repair					
Meatoplasty					
Circumsicion					
Orchidopexy/Orchiectomy					
POST ENDOSCOPY:					
Bronchoscopy					
Gastroscopy Sclerotherapy					
Colonoscopy					
Sigmoidoscopy			l	l	
Proctoscopy & banding of piles			l	l	
ERCP (Endoscopic Retrograde cholangio-			l	l	
Pancreatography)					
Band Ligation of varices					
PEG Tube Insertion & Refill					
SPECIAL CONSIDERATIONS:			•		
Post-op nausea and vomiting					
Pain assessment & management					
Hemorrhage/Shock					
Iv Cannulation /Infusion					
PROCUDURE ROOM:			•		
Aseptic Technique					
Administration and monitoring of conscious sedation					
MANAGEMENT OF POST-OP PATIENT					
ANAESTHETIC COMPLICATION:					
Laryngospasm					
Airway Obstruction					
Hypoventilation					
Cardiac Dysrythmias					
Malignant Hyperthermia					
SPECIAL SKILLS:					
Cleaning/Disinfecting endoscopic equipment					
PATIENT EDUCATION:					
Pre-op Teaching					
Post-op Teaching	1				
Discharge Planning	1				
COMPUTER SKILLS:	•	•	•	•	
Windows

Armed Forces Hospitals Programme Southern Region P.O. Box 101 Khamis Mushayt, KSA

DAY SURGERY QUESTIONNAIRE

Describe your Day Surgery experience.

- Average number of cases per day?
- Nurse to Patient ratio:
- > Years of recent Day Surgery experience:
- > Day Surgery related inservices or special projects you have been involved with:

N.B. Applicants need to know that a large percentage of Day Surgery patients are Paediatric.

Thank you for completing the above. Demonstration of skills stated will be expected during the 90 days probationary period. Inability to demonstrate skills may result in termination during probationary period.

Name of the Applicant:	
Signature of the Applicant:	

Date:
